

RECONSTRUCTION MADRID RIO PUENTE DEL REY FINISHED

25-01-2010

Recently the reconstruction of the Puente del Rey, one of the 47 projects of West 8+MRIO's Madrid RIO project, was finished. Once again, this restored entrance way to the former royal hunting fields, connects different parts of the city and is linked to the Salon de Pinos and the Huerta de la Partida, mayor landscape projects that also form part of Madrid RIO.
